
official phpfox forums

Posted by Glen - 2006/05/16 20:04

can you please let an admin know that i cant post, every post i get it says something about moderation then the post does not show

i think its to do with this new groups thing

thanks B)

hi, glen can you please tell me in what forum or topic you are trying to post. Can you also give me the exact error message you are getting?
